

EUROBIKE
Frankfurt

Cargo bikes & urban logistics

Cargo Area stage, 11:00–13:00

Friday,
15 July
2022

Presented
by

Logistics companies are faced with the great need to make deliveries carbon-neutral, while demand for deliveries is increasing. Heavy load cargo bikes and trailers offer a solution and are an increasingly interesting market for the bicycle industry. Logistics operators and the bicycle industry are brought together to share their views and experiences.

Opening

- Dr. Tom Assmann, German Cycle Logistics Federation RLVD, chair / University of Magdeburg
- Prof. Dr. Kai-Oliver Schocke, ReLUT - Research Lab for Urban Transport / Frankfurt University of Applied Science

Company interventions - inputs and discussions

- Gerd Seber: DPD Deutschland GmbH, Group Manager City Logistics & Sustainability
- Andreas Geiger: Urban Arrow, Sales Manager Germany
- Tobias Breyer: Swobbee, COO

Elevator pitches by cycle logistics operators and RLVD members

- Karolin & Oliver Zientarski, Radboten (Würzburg)
- Jörg Albrecht, CLAC (Aachen)
- Anwar Sawyer, Last Mile (Frankfurt/M)
- Paul Schwarzelühr, Vemo Logistik (Köln/Bonn)

Messe Frankfurt, Future Mobility Hall, Cargo Area stage (Hall 8.0 / B20)

The event is open for all
